You Will Need...

Dove Template

1.

Start by wrapping tissue paper around the plastic jar. You can cover it with the same color or use multiple colors.

2.

Use the correct number of pipe cleaners to stretch around your jar's neck. Remember, you will need to use a plastic jar with a sizeable neck so you can get candy in and out.

3.

Finally, fluff the tissue paper and adjust the pipe cleaners until your candy jar looks the way you desire.
