Chorus

It's eleven fifty-nine; happy New Year.
It's eleven fifty-nine, goodbye old year.
We are happy you're here,
We stand up and cheer.
Goodbye, old year; hello, New Year.
We are happy that you're here.

Verse One

There are 52 weeks in the year.
That's all the time we have for learning,
And making friends so dear.
When these weeks are over,
We are a little older,
But a new year comes around,
So, we continue to abound.

Verse Two

There are many, many days in the year.
365 to be exact unless it's a leap year.
And when these days are over,
We are a little older,
But a new year comes around,
And we continue to resound.
