What's your name, what's your name?  
I'd really like to know, know your name.

I'll start by telling you my name.

My name is Mister Chuck.  
My name is Mister Chuck.  
My name is Mister Chuck.  
That's my name.

That's my name.  
That's my name.  
My name is Mister Chuck.  
That's my name.

What's your name?  
What's your name?  
I'd really like to know, know your name.

This time when I sing, "Your name is," you sing your name in that space. Let's give it a try.
