I love to see a rainbow in the sky.  
I love to see a rainbow way up high.  
Can you name the colors?  
Can you say each one?  
There are seven epic colors in the sky,  
Let's try and name them all just you and I.

### Chorus

Red, orange, yellow, green, blue, indigo and violet.  
Red, orange, yellow, green, blue, indigo and violet.

Now we know the colors in the sky.  
The colors of the rainbow way up high.  
We can name the colors.  
We can say each one.  
There are seven epic colors in the sky,  
The colors of the rainbow way up high.
